Introduction

Hello, and welcome to the 4th Seren Roberts Memorial Trophy held by Cardiff and Newport SANDS returning this year to the superb Cottrell Park Golf Resort

I would like to thank you greatly for your participation in this year's event.

SANDS is an organisation which can offer you support when your baby dies during pregnancy or after birth.

The death of a baby is a devastating experience. The effects of grief can be overwhelming and parents, their families and friends can be left feeling dazed, disorientated, isolated and exhausted.

At SANDS there are people who understand what it's like because many of us have been through this experience ourselves, and we are here to help offer support and information when you need it.

As well as supporting mothers and fathers, we are also able to help other members of your family, especially grandparents and other children. Many people may be touched by your baby's death, including friends and health professionals, and all are welcome to contact us for support and information.

At Cardiff and Newport SANDS, we hold monthly support meetings and help fund support packs and memory boxes for bereaved parents at the University Hospital of Wales, Cardiff, and the Royal Gwent Hospital, Newport. Last year's event funded a Bereavement Suite at The Royal Gwent Hospital, and paid for a cold-cot, enabling parents to stay with their babies that little bit longer. Thank you for all your support.

Cottrell Park Golf Resort – The Button Gwinnett course

The Button Gwinnett course is named after the Button family who resided at Cottrell Park during the 17th Century. Button Gwinnett, was one of the fifty-six men who assembled at Philadelphia in 1776 to sign the American Declaration of Independence, thus becoming one of America's immortals, whilst one of his forefathers, Admiral Sir Thomas Button, charted the American north west coast, where he named New Wales, Hopes Checked, Port Nelson, and Button Island.

The course offers breathtaking views sweeping northwards as far as the Brecon Beacons and southwards over the Bristol Channel to the Mendips.

KC GOLF SHOW

We are delighted to have Kevin Carpenter Golf Trick Shot Show returning to our event this year. Watch jaw dropping golf trick shots created by Kevin Carpenter, who is widely recognised as one of the leading golf trick shot performers in the country.

Kevin's golf trick shot show has entertained spectators at European Tour Events, in shows internationally, and recently he featured on Sky Sports Soccer AM's "Skills Skool". The KC Golf Show's display of impossible looking shots, comedy, audience participation, and a unique display of hand eye co-ordination has been enjoyed by so many golf fans around the world.

This year, in association with Phoenix Golf events, we have the following prizes up for grabs in our Hole-in-One competitions:-

16th Hole - 7 day trip for 2 people to the 2015 US Masters

12th Hole - £1,500 Omega watch of your choice

9th Hole - £1,000 Kuoni holiday voucher

2nd Hole - £750 voucher for the pro-shop

When you score a hole-in-one at ANY of our Hole-In-One Events you'll automatically be invited to attend our Major Event. You'll then have the chance to win £1million

The cost to enter this separate hole-in-one competition is £5. The entry fee will be collected on the day prior to commencement of your round.

We also are delighted to have the support of Club-Clean South Wales, who for a voluntary donation will get your clubs looking like new before and/or after your round!

Our British built first-class equipment uses ultrasonic technology to clean clubs and restore grip tackiness.

Our machines contain water, which has been treated with a special solution of water-softening, anti-rust and disinfecting agents. This water is then heated to around 36 degrees and that's when the magic happens.

Ultrasonic transducers in the machine vibrate at 60,000 cycles/second. This movement is transmitted through the water in sound waves, causing tiny bubbles to form on the club and grip. The bubbles then implode, during a process called cavitation, which blasts the dirt off your equipment.

The whole process is over in a matter of minutes, leaving your clubs clean and revitalised.
